

MALAYSIAN JOURNAL OF NUTRITION

Guidelines for submitting manuscripts

The **Malaysian Journal of Nutrition** welcomes manuscripts on all aspects of nutrition in the form of original articles, review articles, case-reports, short communications, book reviews and letters to the Editor. To avoid delays in publication, authors are advised to adhere closely to the instructions below.

Manuscript

Manuscripts should be typed on one side only, in double-spacing, with a margin of 3 cm on the left-hand side of the page. All manuscripts should be submitted in triplicate (original and two copies). A copy on a diskette should be submitted when the last revision of the manuscript is requested.

The title page should state the title of the paper, full first name and surname of each author, name of authors' departments and institutions, city and country. Also enclose the complete postal address, telephone number, fax number and e-mail address of the author who will be responsible for all correspondence regarding the manuscript.

An abstract not exceeding 250 words in length should be provided. Introduction, Materials and Methods, Results, Discussion, Acknowledgements and References should follow with each section beginning on a fresh page.

Manuscripts may be submitted in Bahasa Malaysia but must be accompanied by an abstract in English.

Citations and References

In the text, references are cited by the surname(s) of the author(s) and year of publication parenthetically at the appropriate place. Three authors appear in full on first citation, e.g. Bray, Whipp & Koyal (1994), but subsequently as Bray *et al.* (1994). For four or more authors, indicate the first author followed by *et al.*

In the Reference section, list the references in alphabetical order. For each reference, all authors' names should be included. Examples of correct forms of references are given below:
